

## **NOTICE**

1. The Government of India has implemented e-Migrate system with a view to facilitate emigration clearance system transparently and hassle free where emigration related issues including raising demand for Indian workers by Foreign Employers could be processed. Under the system, the Foreign Employers are required to upload their requests for attestations/demand approval on the e-Migrate web portal which will be processed by the Embassy electronically.

2. In order to avail the e-Migrate facilities, the Foreign Employers are required to register themselves on the e-Migrate portal (<http://www.emigrate.gov.in>) and obtain '**USER ID**' and '**Password**' to enable them to log in to the system for raising demands.

3. All the Employers/Firms/Companies/Entities in Jordan who wish to hire/engage manpower from India are advised to register themselves on e-Migrate system by filling up the application form available on the webpage <http://www.emigrate.gov> . The hard copy of the application form (duly signed and sealed) along with relevant enclosures (duly authenticated) are to be submitted with the Embassy for further processing. The Employers may refer to the instructions available at '**Instructions for FE for Using eMigrate System**' exist under template '**Resources**' on the webpage.
